Agenda Item #F1

DATE: MARCH 5, 2024

TO: THE HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: ANDY PINASCO, CITY ATTORNEY

SUBJECT: CITY OF IONE - CALIFORNIA PUBLIC RECORDS ACT PROCEDURES

RECOMMENDED ACTION:

No action recommended. Information only.

FISCAL IMPACT:

No fiscal impact.

BACKGROUND:

At the February 20, 2024, regular City Council meeting, the Council requested that City staff provide a summary of the procedures in which the City administers requests for public records under the California Public Records Act. Below is a brief summary of the City's obligations as it relates to the California Public Records Act.

I. SUMMARY OF CALIFORNIA PUBLIC RECORDS ACT

In accordance with the California Public Records Act ("CPRA"), the City of Ione ("City") provides access to inspect public records, except those exempt from disclosure by the law. Public records are defined as "any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics." (Government Code § 7920.530).

II. PUBLIC RECORDS REQUEST

A public records request is different than a question or series of questions posed to the City. CPRA creates no duty to answer written or oral questions submitted by members of the public. However, if an existing and readily available record contains information that would directly answer a question, it is advisable to either answer the question or provide access to a public record that would respond to the question.

III. RESPONDING TO A PUBLIC RECORDS REQUEST

Public records are open to inspection at all times during the office hours of the City and every person has a right to inspect any public record. This does not mean that the requester has the right to demand to see a record and immediately gain access to it. The right to inspect is

constrained by an implied rule of reason to protect records against theft, mutilation, or accidental damage, in addition to preventing interference with the orderly functioning of the City's office.

CPRA requires the City to respond promptly, but no later than 10 calendar days from the receipt of the request, to notify the requester whether records will be disclosed. The response does not mean that the responsive records will be available for inspection within the 10-calendar day timeframe, rather, the response simply requires the City respond to the requester to indicate whether the records exist, whether they are exempt, or to work with the requester to clarify their request to assist in identifying the desired public records.

CPRA does not state how soon a requester seeking to inspect records must be provided access to them, however, it is generally assumed that the standard of promptness applies to making the public records available for inspection.

DISCUSSION:

CITY OF IONE PROCEDURE

Section 2.08.050.N, of Chapter 2.08, of Title 2 provides that the City's Clerk had a duty to "Oversee and supervise all public records requests; notes and submits requests that need to be reviewed by the city attorney before being fulfilled."

In carrying out the City Clerk's duty, the City has prepared a "Public Records Request" form to assist the public in making requests and to ensure that the request is appropriately documented for tracking City administrative purposes. This form is not required, rather is encouraged to assist the City in carrying out its administrative function.

Upon receipt of a public records request, the City Clerk then contacts the appropriate City departments to identify and locate any public records that may be responsive to the request.

Once the responsive documents have been identified, the City Clerk then submits any responsive records to the City Attorney for review to provide guidance on any exempt records or portions thereof.

After the City Attorney's review, the City Clerk either provides copies of the non-exempt responsive records to the requester or makes the non-exempt responsive records available for inspection.

CITY OF IONE
IONE, CA 95640

Agenda Item #H1

DATE: MARCH 5, 2024

TO: THE HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL

FROM: ANDY PINASCO, CITY ATTORNEY

SUBJECT: COUNSEL AND COUNCIL – COUNCIL/CITY MANAGER FORM OF CITY GOVERNMENT

RECOMMENDED ACTION:

Discussion item only. No recommended action.

FISCAL IMPACT:

No fiscal impact.

BACKGROUND:

At the February 20, 2024, Ione City Council meeting, the City Council requested the City Attorney to develop concise ‘Training Seminars’ to be presented to the Council at publicly noticed meetings. The intent of the ‘Training Seminars’ is to inform the Council about relevant legal topics such as City governance and the laws applicable to City Councils.

DISCUSSION:

I. BASIC GENERAL LAW CITY STRUCTURE

Ione, like many cities in California, is formed under general laws and referred to as a general law city. Typically, general law cities feature a city council, with at least five members elected at large from the community. The council is complemented by officials such as the city clerk, city treasurer, chief of police, fire chief, and other subordinate officers (Government Code § 36501). Among the council members, one serves as the mayor and another as the vice mayor (Government Code § 36801). While the mayor and vice mayor handle ceremonial duties and preside over council meetings, their authority is not superior to other council members. Most general law cities, including Ione, operate under a council-city manager structure. Under this form of government, the city manager appoints all subordinate employees, including the chief of police and fire chief, except for the city attorney.

ROLE OF THE CITY MANAGER

In cities across our state, a common way of governing is known as the council-city manager form. This system is established by law (Government Code § 34851 et seq.) and is used in both general law and charter cities, including Ione. Essentially, it involves the city creating the position of City Manager through an ordinance. The City Manager is granted specific powers and duties by the law.

1. A city may establish a council-city manager form of government by enacting an ordinance to that effect or by submitting the question to the electorate.
2. After enacting a city manager ordinance, the city appoints a city manager who need not be a city resident.
3. The city manager is empowered under the statute to appoint and dismiss the chief of police and other subordinate appointive officers and employees, except the city attorney.

According to Government Code section 34852, a city has the authority to outline the powers and responsibilities of the city manager through an ordinance. Additionally, the city can determine the salary for this position. Typically, city managers are appointed based on a contract, which specifies the terms and conditions of their employment.

Ione has adopted such an ordinance, enumerating its City Manager's powers and duties to include the following:

1. The administrative head of the City government under the direction and control of the City Council except as otherwise provided in the City's Municipal Code;
2. Responsible for the efficient administration of all the affairs of the City which are under his/her control;
3. To enforce all laws and ordinances of the City and to see that all franchises, contracts, permits, and privileges granted by the City Council are faithfully observed;
4. Have authority to control, order, and give directions to all heads of departments, and to subordinate officers and employees of the City, except the City Clerk, City Attorney, and City Treasurer;
5. Power to hire, fire, appoint, remove, promote, and demote any and all officers and employees of the city, except the City Clerk, City Attorney, and City Treasurer;
6. Recommend measures and ordinances to the City Council he/she deems necessary or important;
7. Attend all meetings of the City Council unless excused therefrom, except when his/her removal is under consideration;
8. Keep the City Council fully advised as to the financial conditions and needs of the City;
9. Prepare and submit the proposed budget and the proposed annual salary plan to the City Council for approval;

10. Be responsible for the purchase of all supplies for all departments or divisions of the City. No expenditures shall be submitted or recommended to the City Council except on report and approval of the City Manager;
11. Make investigations into the affairs of the City, and any department or division thereof, and any contract or the proper performance of any obligations of the City;
12. To investigate all complaints in relation to matters concerning the administration of the City Government and in regard to the service maintained by public utilities in the City, and to see that all franchises and permits granted by the City are faithfully performed and observed;
13. Exercise general supervision over all public buildings, public parks, and all other public property which are under the control and jurisdiction of the City Council;
14. Devote his/her entire time to the duties of his/her office in the interests of the City;
15. Perform other duties and exercise such other powers as may be delegated to him/her from time to time by ordinance or resolution or other action of the City Council.

II. THE RELATIONSHIP OF THE CITY MANAGER, THE CITY ATTORNEY, AND THE CITY COUNCIL IN A GENERAL LAW CITY

In carrying out their responsibilities, a city manager interacts not only with the city council and staff but also with the city attorney. Unlike other officers, the city attorney reports directly to the city council. This arrangement creates a system of checks and balances between the city attorney and the city manager. The city manager must fulfill their duties while adhering to the law. Meanwhile, the city attorney offers legal advice and avoids influencing specific policy decisions. Usually, their roles overlap, ensuring that when the city council makes decisions, they align with city objectives and comply with legal requirements.

Because the city manager and city attorney both report to the city council, any disagreements or conflicts can be resolved by the council, which has the final say on city policies and actions. However, since both the city manager and city attorney aim for decisions that the council will approve, they usually work together to find common ground before issues reach the council. This system promotes cooperation among city staff and helps ensure decisions are in line with the council's goals.

III. THE RELATIONSHIP BETWEEN THE CITY COUNCIL AND THE CITY MANAGER

The key to understanding relationships between people is how well they communicate with each other. Each person's thoughts and hopes about the other person and their connection shape the relationship. In a city organization, whether elected or appointed, it's important for everyone to understand the various relationships that exist. This helps in creating and implementing city policies effectively.

In a well-run city government, the council and city manager should respect each other's roles, even if they disagree. Publicly criticizing or attacking each other harms everyone's reputation and

leads to defensiveness. If council members have concerns about staff performance, it's best to discuss them privately with the city manager. While public criticism isn't always wrong, it should follow the council's standards and focus on getting things done without personal attacks.

Furthermore, individual councilmembers are not authorized to direct staff, though routine referral of citizen requests (or to simply request information) is sometimes appropriate depending on the circumstance. However, coordinating through the manager will make sure the issue is sent to the right staff person for action and will allow the manager to confirm timely follow-up. This also helps the manager stay informed regarding issues of community concern.

The relationship between the mayor and city manager is slightly different because of the unique role of that position. The mayor is the chief elected official of the city, as elected by a vote of the council. It's the mayor's role to lead the council in making policies. But the mayor also needs to consider the entire council when offering guidance and support to the city manager. Done effectively, the mayor helps keep things running smoothly between the city manager's team and the council. To do this well, the mayor must fairly represent the council's views, and the council must trust the mayor's role. Having a strong bond between the mayor and city manager is vital for success.

For a council, there are two foundational concepts to keep in mind when striving for a mutually beneficial relationship with its city manager:

1. Provide clear and realistic direction to the city manager
2. Conduct meaningful evaluation of city manager's performance

**a. PROVIDE CLEAR AND REALISTIC DIRECTION TO THE CITY
MANAGER**

The city council's effectiveness in governing depends on its ability to guide the city manager and staff. Progress happens when council members unite behind policies or programs that have widespread support, not just individual preferences.

Unfortunately, there are many forces at work making unity and a team approach difficult for a city council to achieve. This can be especially true in small cities in which individual council members view their objectives as a first priority or fail to realize the limited resources available to the city manager and their staff. To address this issue, many city councils have found it beneficial to periodically come together for facilitated team-building or goal-setting workshops. These sessions provide opportunities for council members to discuss and explore their objectives and weigh the possibility to achieve such objectives using the city's limited resources.

In addition to setting realistic goals, establishing a council-directed goals process can be instrumental in clarifying priorities for the city manager, city staff, and the community as a whole. Through the development of a council-adopted goals statement, the council can communicate its shared vision and objectives to the city manager and the city's stakeholders, providing a clear direction for decision-making and resource allocation. This not only helps to streamline governance processes but also promotes transparency and accountability in serving the needs of the community.

b. CONDUCT MEANINGFUL EVALUATION OF CITY MANAGER'S PERFORMANCE

Performance evaluations are like conversations. They're crucial in local government because they help everyone understand how well things are going. Since the city manager has a big role in carrying out council decisions, it is really important for the mayor and council members to give clear directions and keep an eye on how well the manager is doing. This means giving praise when things go well and making corrections when needed.

Having a good relationship among the top leaders in the city is critically important. To make this happen, everyone needs to understand each other's roles and responsibilities and work on communicating well. To help the city manager understand the role in a more meaningful manner, the council is encouraged to identify factors which will be assessed so that the city manager is in a position to understand what is important to the council.

When there is trust and support among everyone, even if they do not always agree, conflicts can be handled maturely and with reason. This helps local leaders serve the public better and earn their respect, making their job easier and more enjoyable.

IV. CONCLUSION

An unstable council/manager relationship has negative consequences for the city council, the manager, the organization and the community. A positive and mutually supportive relationship will increase the odds of having a high-performing and successful city. Councilmembers and the manager need to make creating, supporting and sustaining the relationship a high priority. If made a high priority, the odds of success are great.

Remember that your service on the city council is a unique honor that has been bestowed on you by your fellow citizens. While it is often a challenge, with inherent difficulties, someone needs to do it and your community has selected you for that responsibility. You have been selected to serve in a professional and honorable manner, during good times and bad. Your service on the city council will be over soon enough. Conducting yourself in a manner represents you and the entire Council well will allow you to look back with pride—not only for what you accomplished, but also the way in which you conducted yourself (which will likely be remembered the longest).

Lessor further agrees it will designate a specific officer or agent having appropriate experience and authority whose responsibility it is to work with Lessee in assuring the Lessee obtains the full cooperation and assistance of Lessor, subject to the terms of this Lease and all applicable laws. This paragraph shall not be interpreted to amend the requirements or standards for any such permit or license of the City. It is agreed that this paragraph provides for procedural cooperation and not special treatment.

17. Inspection – Lessor at all times shall have the right to inspect the golf course premises during business hours upon 24 hours written notice to Lessee. In the event of Lessee's failure to rectify the claimed defect to Lessor's reasonable approval within the aforesaid period of time, Lessor shall then have the right to correct the same and lessee shall have the obligation to reimburse Lessor for all of Lessor's reasonable cost and expenses in so doing. Anything to the contrary herein notwithstanding, Lessee's obligation to keep the premises, buildings and structures in good maintenance and repair shall not require Lessee to repair, replace, or maintain to anything greater than original standards and conditions.

Article IV – Taxes, Fees and Charges

22. Real Property Taxes – In the event this Lease creates a possessory interest in Lessee whereby Lessee's interest shall become subject to separate real property taxation, Lessee agrees to pay such real property taxes prior to delinquency, except in the case of contests of such taxation made in good faith. Lessee will have the right to contest the validity or amount of real property taxes by means of appropriate proceedings diligently pursued at Lessee's sole expense. Lessee agrees that, upon final determination of liability, it will promptly pay the amount of taxes found owing, along with any interest, penalties or costs that may result from Lessee's contest.
23. Other Taxes – Lessee will pay all taxes, license fees or other governmental charges assessed or imposed on the personal property owned by Lessee on the Leased Property or upon the business operations of Lessee conducted on the Leased Property.
24. Utilities – Lessee will pay before delinquency all charges for utilities, including electricity, gas, heating, cooling, telephone, and domestic water used by Lessee on the Leased Property.

Article IV – Irrigation of Golf Course

25. Water Supply Through 2014 – Through the year 2014, water for irrigation of the golf course will be provided by Amador Regional Sanitation Authority (ARSA) and the City, pursuant to the Preston Farmlands Wastewater Disposal Contract and Grant of Easement dated July 30, 1990 ("ARSA Wastewater Contract"), and the Implementation Agreement for ARSA Wastewater Contract dated July 30, 1990 between City and the original project sponsor. Lessee shall use water provided by City pursuant to the ARSA Wastewater Contract and Implementation Agreement for irrigation of the golf course prior to using water from any other source for such irrigation. Until the end of 2014, Lessee may not use water from any other source unless the alternate source is approved by City. Lessee will pay costs associated with this water supply pursuant to the ARSA Wastewater Contract and the Implementation Agreement except that Lessee's water costs due to Lessor shall not exceed (i); \$10,800.00 per month from January 1, 2011 through the end of June 30, 2012 (ii); \$11,000 per month from July 1, 2012 through June 30, 2013 and (iii); \$11,200 per month from July 1, 2013 and December 31, 2014.

26. Water Supply After 2014

- a. After December 31, 2014, Lessee agrees to continue using treated water from the Ione tertiary treatment facilities to irrigate the golf course prior to using water from any other sources provided the parties have agreed to a Reasonable Rate as defined by and pursuant to subsection c of this Paragraph 26, unless (a) the alternate source proposed by Lessee is approved by Ione; or (b) water from another source is secured pursuant to subsection d of this Paragraph 26.
- b. After December 31, 2014, Ione agrees to provide treated water from Ione tertiary treatment facilities to meet Lessee's irrigation water needs at the golf course, contingent upon such water being available, unless (a) an alternative source proposed by Portlock is approved by Ione; or (b) water from another source is secured pursuant to paragraph d herein. So long as water must be provided pursuant to this Agreement, Lessee shall have the exclusive first right to all water treated by the Ione tertiary treatment facilities until the golf course requirements have been fully satisfied. Ione agrees not to obligate itself to other potential water users that would limit Lessee's exclusive first right to treated water from Ione.
- c. After December 31, 2014, and so long as Ione provides water to Lessee pursuant to this Agreement, Ione agrees to charge, and Lessee agrees to pay, a rate not to exceed a Reasonable Rate for the purchase of treated water from the Ione tertiary treatment facilities. Reasonable Rate will be determined in good faith by mutual agreement of the parties, based upon discussions that consider factors that include but are not limited to the following: (1) the volume and availability of tertiary treated water within fifty (50) miles of Ione; (2) the volume and availability of wastewater suitable for treatment by the Ione tertiary treatment facilities; (3) the availability and capacity of alternative sites for disposal of treated water in Ione; (4) the rates for tertiary treated water paid by other golf courses and other users of tertiary treated water within fifty (50) miles of Ione; (5) the costs incurred by Ione in treating wastewater at the Ione tertiary treatment facilities; (6) the contribution toward the costs of operating the Ione tertiary treatment facilities from ARSA, CDCR, and sewer rate payers whose wastewater is treated at the Ione Tertiary Plant; and (7) the cost to Ione to dispose of treated tertiary water at alternative sites or through alternative means. Not later than December 31, 2013, Ione and Lessee agree to begin discussions in good faith regarding the factors set forth above, and to attempt to agree prior to June 30, 2014 upon a Reasonable Rate for treated water that will be supplied under this Agreement after December 31, 2014. If, prior to June 30, 2014, the parties agree to a Reasonable Rate, Lessee will agree to purchase water at such rate and Ione will agree to supply water at such rate, at least through December 31, 2019, or longer as may be agreed upon by the parties.
- d. If prior to June 30, 2014, the parties have been unable to agree upon a Reasonable Rate, Ione shall notify Lessee of the rate it proposes should be set as the Reasonable Rate ("Proposed Rate"). Should the parties fail to agree upon a Reasonable Rate prior to June 30, 2014, and either (1) Ione fails to specify a

Proposed Rate by June 30, 2014, or (2) Lessee believes the Proposed Rate is not reasonable based on the factors listed above, Lessee may, at its sole discretion, negotiate with other parties regarding alternative sources of water. Throughout this process the parties may continue to negotiate and may at any time reach agreement with respect to a Reasonable Rate. If Lessee is able to demonstrate that an alternative source of water is available in sufficient quantity to meet the needs of the golf course on a reliable basis, and is less expensive than the Proposed Rate, then Lessee must give Ione written notice (the "Rate Notice") of the rate for alternative water, and offer Ione an opportunity to provide water at such price. The decision as to whether or not to continue to provide water to the golf course at the rate specified in the Rate Notice shall be at the sole discretion of Ione, based upon factors that may include but are not limited to Ione's judgment as to the relative costs and benefits of disposal at alternative sites or through alternative means. In other words, if Ione determines to accept the rate set forth in the Rate Notice and provides timely written notice of its election to do so, Lessee shall not be entitled to obtain water from an alternative source. Ione shall have thirty (30) days after receipt of the Rate Notice in which to provide written notice that it accepts such rate as the Reasonable Rate for treated water delivered to Lessee thereafter. In that event, such rate shall apply as the Reasonable Rate for the period through December 31, 2019. If Ione declines the offer, or does not timely accept the offer, Lessee may contract to receive water from the alternate source, subject only to that source meeting any applicable state and federal environmental requirements relating to depositing such water on the golf course, and notify Ione in writing (the "Change Notice") of the effective date of the change in water supply (which shall be no sooner than the later of December 31, 2014, or ninety (90) days after the Change Notice). Lessee's obligation to take water from the Ione tertiary treatment facilities, and Ione's obligation to provide water to Lessee, will be terminated and eliminated as of the effective date specified in the Change Notice. Should the parties fail to agree upon a Reasonable Rate prior to December 31, 2014, and Lessee does not provide a Change Notice by September 30, 2014, the Proposed Rate shall be the rate charged for water delivered by Ione to the golf course effective January 1, 2015. In such case, either party shall have the right to insist upon binding arbitration (before a single neutral arbitrator who shall be appointed and conduct the proceeding according to the American Arbitration Association rules of commercial arbitration), which proceeding shall establish a Reasonable Rate under the factors listed in paragraph c, which rate shall apply commencing January 1, 2015 for a period of five years or for longer as may be agreed upon by the parties.

- e. If applicable, after December 31, 2018 (and/or one (1) year prior to any subsequent date when a previously set Reasonable Rate is due to expire), the parties shall repeat the process described in subsections c and d of this Paragraph 26 (utilizing the same time intervals applicable in later years) in order to arrive at a new Reasonable Rate, which shall then be applicable for a period of no less than five years unless otherwise agreed by the parties.

- f. Notwithstanding anything contained within this Paragraph 26 or in any other agreement to which Lessee and Lessor may be a party and dealing with the operation of the tertiary water plant and the amount which Lessee pays to Lessor for water used in irrigating the golf course, commencing January 1, 2015 and continuing yearly thereafter during the remainder of the Term, so long as either the Lessor or the Lessee provides the other notice that it agrees to accept an amount no greater than \$70,000 as the established Reasonable Rate to be paid annually by Lessee for water delivered to the golf course, Lessee shall be bound to use water delivered to it by Lessor from the lone tertiary treatment facilities for irrigating the golf course and Lessor shall be bound to deliver said water. Commencing in 2020 and continuing at the beginning of every fifth year thereafter until the end of the Lease, the \$70,000 cap shall be adjusted upward by 50% of the rate of inflation for the previous five year period as established by United State Department of Labor Consumer Price Index.

27. ARSA Contract – Approval of this Lease Agreement is conditioned upon the acknowledgment of and incorporation by reference of the ARSA Wastewater Contract and Implementation Agreement until December 31, 2014. This Lease Agreement and all attendant permits, maps, agreements, or other entitlements granted by City for this project shall incorporate by reference and require adherence to the ARSA Wastewater Contract and Implementation Agreement. The terms and conditions of the ARSA Wastewater Contract shall govern in the event of any conflict or inconsistencies between this Lease Agreement and attendant map, permit, master plan, or other entitlement and the ARSA Wastewater Contract except that the terms and conditions of the Article IV, Paragraphs, 25 of this Lease shall govern with respect to the amounts Lessee must pay to the Lessor for use of water from and maintenance and operation of the lone tertiary treatment facilities and related facilities prior to December 31, 2014.

Article V – Insurance and Indemnity

28. Indemnity – Lessee agrees to indemnify, defend and hold Lessor and its elective and appointive boards, commissions, officers, agents, and employees harmless from any and all claims, causes of action, damages, costs or expenses (including without limitation attorneys fees) arising out of or in connections with or on account of, the operation of the Leased Premises hereunder including for any claims of injury or death of any person(s), or damage to property, as a result of the operations of Lessee or its employees, agents, contractors or representatives with respect to the Leased Premises.

29. Public Liability Insurance – Lessee shall, at all times during the Term of this Lease, maintain or cause to be maintained comprehensive public liability and property damage insurance covering the risks of bodily harm and/or death, property damage, and personal injury liability, with a limit of not less than \$1,000,000 per occurrence. Each policy of insurance hereunder shall name the City as an additional insured, and shall provide for blanket contractual liability coverage. The minimum amount of insurance shall be

adjusted periodically to reflect inflation and provide reasonable and current insurance coverage for risk and exposure. Lessor shall have right to direct Lessee's attention to inadequate insurance coverage and demand a reasonable increase from time to time to account for inflation and provide reasonable and current insurance coverage for risk and exposure.

30. Workers' Compensation Insurance – Lessee shall also provide, or cause to be provided, Workers' Compensation insurance as required by law, together with a contingent employer's liability endorsement in favor of Lessor, covering employees of Lessee and employees of any contractor, subcontractor, agent or representative of Lessee.
31. General Requirements for Insurance – Each policy of insurance carried by Lessee pursuant to this Lease shall provide that it may not be cancelled without at least thirty (30) days prior written notice to City. Upon request of City, Lessee shall furnish to City a copy of each policy of insurance carried pursuant to this Lease, or a certificate thereof, stating that such insurance is in full force and effect and, in the case of the public liability insurance, showing City named as an additional insured. Any insurance required to be maintained by Lessee hereunder may be maintained under a so-called "blanket policy" insuring other parties and other locations, so long as the amount of insurance required to be provided pursuant to this Lease is not thereby diminished. City shall be named as the additional insured on all such policies.
32. Fire Insurance – Lessee shall maintain, at Lessee's sole expense, a standard form policy or policies of fire and extended coverage insurance on the Leased Property, including the clubhouse and related buildings and all personal property, furnishings and equipment owned by Lessee, in an amount equal to not less than eighty percent (80%) of the insurable value of said buildings, furnishings and equipment.

Article VI – Frustration of Purpose

33. If at any time during the term of this lease any governmental entity having competent jurisdiction over the Leased Property (except Lessor) should enact any law or ordinance that legally prohibits the use of the whole or a substantial part of the Leased Property for the purposes as hereinbefore provided in this Lease, or in the event that a declared or undeclared war, sabotage, riot, or other acts of civil disobedience, acts of government, floods, earthquakes, or other acts of God, should occur which will substantially prevent Lessee's fulfillment of its rights and obligations, under the terms of this Lease, then Lessee shall have the right, any time within 120 days after the effective date of any such law, ordinance, regulation or occurrence, to terminate this Lease and surrender possession of the Leased Property to Lessor. Any such cancellation and surrender will act to release and discharge Lessee from any further obligation under this Lease agreement. Lessor agrees that it will not during the term of the within lease, enact any law, ordinance, rule or regulation in its capacity as a municipal corporation which would prevent Lessee under this Lease from enjoying all the rights and privileges herein established and conveyed, or which would in any way impair Lessee's leasehold interest under the term of this Lease. Lessee acknowledges that Lessor may have the power and jurisdiction to

enact such laws, ordinance or regulation, but that any such enactment would nonetheless constitute a material breach of this Lease agreement, if applied to the Leased Property.

Article VII – Assignment

34. Rights of Assignment - Except as otherwise provided below, Lessee shall not assign this Lease or sublet all or any part of the Leased Property without the prior written consent of Lessor, and such consent shall not be unreasonably withheld. Lessee shall notify Lessor of any proposed assignment or subletting. Lessee shall provide to Lessor any and all information and documentation requested by Lessor concerning the proposed assignee or sublessee and such assignment or sublease shall not be effective until approved by Lessor in writing. In the event that any such assignment or subletting is approved by Lessor, the assignee or sublessee shall agree in writing to be bound by all of the covenants of this Lease required of Lessee and Lessor shall thereafter release Lessee from liability under this Lease.
35. Assignment Fee – Lessee shall pay Lessor a fee from monies received in the event it sells and assigns its leasehold interest to an unrelated third party or entity in the amount of Fifty Thousand Dollars U.S. (\$50,000) or one percent (1%) of the sales price whichever is greater. Lessee shall pay no fee if it sells and assigns its leasehold interest to Lessor.

Article VIII - Breach and Remedies

36. Condition of Default – Any of the following acts or failures to act will constitute a breach and default of this Lease agreement:
- a. If either party fails to perform any of its obligations under this Lease when due and called for, the party shall be in default if it fails to cure such default within thirty (30) days after written notice from the non-defaulting party of such default; provided, however, that if the nature of a non-monetary default is the result of a force majeure occurrence or is otherwise of a nature such that it cannot be fully cured within that thirty (30) day period, the party in default shall have such additional time as is reasonably necessary to cure the default so long as the party in default is proceeding diligently to complete the necessary cure after service of notice by the non-defaulting party.
 - b. In the event that Lessee shall be adjudged bankrupt under Federal bankruptcy laws which prevent Lessee from continuing to operate per the within lease agreement, or in the event a receiver be court appointed for the within leasehold interest, or in the event Lessee's interest in this Lease should pass by operation of law to any person other than Lessee, and any such adjudication, appointment or order as above-referenced is not vacated, dismissed or set aside within 120 days from its entry, it is an event of default.
 - c. If for any reason Lessee ceases to operate the golf course and in response to written inquiry of the City fails to provide reasonable assurance within three days

that the golf course will immediately reopen and that the Lessee has the capability to reopen and continue to operate in accordance with the requirements of this Lease, it shall be an event of default.

37. Remedies – If any of the conditions identified in subsection 35 above should occur and the party does not cure the default within the time limits specified or any extensions thereof, such non-defaulting party may then elect to terminate this Lease immediately and seek all remedies as provided under law and equity. If Lessee is the party in default, Lessor may terminate Lessee's right to possession.

If either party at any time by reason of the other party's default pays any sum or does any act that requires payment of any sum, the sum paid by the non-defaulting party shall be immediately due and owing by the defaulting party to the non-defaulting party at the time the sum is paid, and if paid at a later date shall bear interest at the rate of ten percent (10%) per annum from the date the sum is paid by the non-defaulting party until the non-defaulting party is reimbursed by the defaulting party.

If either Lessor or Lessee should find it necessary to bring an action in a court of law or in arbitration, to enforce any of its rights or remedies under this Lease, both parties agree that the prevailing party in any such litigation shall be entitled to a recovery of reasonable attorney's fees and costs incurred by way of such action.

38. Arbitration – Any controversy or claim arising out of or relating to this Lease or the leasehold interest created thereby, or upon any breach or default hereunder, by either party, shall be settled by arbitration in accord with the following: The Lessor shall choose one arbitrator, the Lessee another, and the two arbitrators shall choose a third, and the three arbitrators shall hear and settle the matter. As an alternative to the above, on the request of either party, the matter may be heard by the American Arbitration Association, under their rules of Commercial Arbitration by one arbitrator chosen pursuant to the American Arbitration Association's rules.

Article X – Disposition of Property

39. Rights of Termination – Upon the expiration of the term of the Lease, or upon the sooner termination of the Lease under any of the provisions of this Lease, Lessee shall deliver over to Lessor the peaceful and quiet possession of the Leased Property, together with all structures and improvements permanently placed thereon, whether by Lessor or by Lessee, in good condition and repair, reasonable wear and tear excepted. Notwithstanding the foregoing, all of Lessee's trade fixtures, and all structures and improvements placed on the property by Lessee but not permanently affixed to the ground, and all of Lessee's personal property located on the premises, shall belong to Lessee, and Lessee shall have a reasonable period of time, not less than sixty (60) days, to remove such property belonging to Lessee.

40. Lessee's Right of First Refusal – Lessee shall have a continuing Right of First Refusal to purchase the Leased Property. This Right of First Refusal shall be based upon the terms

and conditions contained in a bona fide written offer received by Lessor. Lessee, after receipt of written notice from Lessor outlining the terms and conditions contained within said bona fide offer, shall have a period of thirty (30) days to notify Lessor in writing that Lessee is hereby exercising its Right of First Refusal. If Lessee fails to so notify Lessor within said thirty (30) day period, this Right of First Refusal shall lapse as to that offer but shall apply to all future offers received by Lessor and its successors in interest.

41. Lessor's Right of First Refusal – Lessor shall have a continuing Right of First Refusal to purchase the leasehold interest in the Leased Property. This Right of First Refusal shall be based upon the terms and conditions contained in a bona fide written or verbal offer received by Lessee. Lessor after receipt of written notice from Lessee outlining the terms and conditions contained within said bona fide offer, shall have a period of thirty (30) days to notify Lessee in writing that Lessor is hereby exercising its Right of First Refusal. If Lessor fails to so notify Lessee within said thirty (30) day period, this Right of First Refusal shall lapse as to that offer but shall apply to all future offers received by Lessee and its successors in interest.
42. Disposition of Ownership of Maintenance Facility Property – It is agreed and understood that upon expiration or any termination of this Lease the Lessor shall have the exclusive right to either purchase or lease (limited to 10 year lease terms and renewable for no more than 2 terms) from Mauna Kea Villages, LLC, a Hawaii limited liability company its successors in interest or assigns ("Mauna Kea") its successors and assigns the real property and improvements located thereon comprising the maintenance facility for the Golf Course for a price or lease rate (as the case may be) mutually agreed to by Lessor and Mauna Kea. In the event that Lessor and Mauna Kea cannot agree on a lease rate or purchase price, each of Lessor and Mauna Kea shall be permitted to select a licensed appraiser who shall either (a) appraise the fair market value of the fee interest purchase that Lessor desires to obtain or, (b) determine the fair monthly rental rate for the maintenance facility property over the period of time that Lessor desires to lease said property from Mauna Kea. The amount paid by Lessor in monthly rent or for the fee interest purchase, as the case may be, shall be the averaged amount of the two party's appraisals. Said property shall not be encumbered with any other leases or other tenant rights of possession upon the expiration or termination of the Lease. City's exclusive right to purchase is not an option, right of first refusal or other conditional real property right. Rather, this exclusive right is an unconditional and exclusive right freely granted to City by Mauna Kea and shall be binding on all successors in interest. Mauna Kea agrees to permit a notice in recordable form executed by it and Lessor to be recorded against the maintenance facility property in the Official Records of Amador County to evidence Lessor's rights hereunder.
43. Disposition of Ownership of Lot J – It is agreed and understood that upon expiration or any termination of this Lease the Lessor shall have the exclusive right to either purchase or lease (limited to 10 year lease terms and renewable for no more than 2 terms) from Mauna Kea its successors in interest or assigns all of Lot J (which includes the Clubhouse and related improvements) for a price or lease rate (as the case may be) mutually agreed to by Mauna Kea and the Lessor. In the event that Lessor and Mauna Kea cannot agree

on a lease rate or purchase price, each of Lessor and Mauna Kea shall be permitted to select a licensed appraiser who shall either (a) appraise the fair market value of the fee interest purchase that Lessor desires to obtain or, (b) determine the fair monthly rental rate for the Clubhouse over the period of time that Lessor desires to lease the Clubhouse from Mauna Kea. The amount paid by Lessor in monthly rent or for the fee interest purchase, as the case may be, shall be the averaged amount of the two party's appraisals. Said property shall not be encumbered with any other leases or other tenant rights of possession upon the expiration or termination of the Lease. City's exclusive right to purchase is not an option, right of first refusal or other conditional real property right. Rather, this exclusive right is an unconditional and exclusive right freely granted to City by Mauna Kea and shall be binding on all successors in interest. Mauna Kea agrees to permit a notice in recordable form executed by it and Lessor to be recorded against Lot J in the Official Records of Amador County to evidence Lessor's rights hereunder.

Notice deposited with the United States Postal Service in the manner described above shall be deemed effective three (3) business days after deposit with the Postal Service. Notice by telegram or overnight express service shall be deemed effective one (1) business day after transmission to the telegram company or after deposit with the express delivery service. Notice by personal delivery shall be deemed effective at the time of personal delivery.

For purposes of notice, demand, request, reply or payment, the address of Lessor shall be:

If any provision of this lease is invalidated by judicial decision or statutory enactment, the invalidity of any other such provision will not affect the validity of any other provision of the Agreement.

2. Scope of Work.

Contractor shall perform all of the services set forth above.

3. Consideration and Terms of Payment.

The consideration for all services performed or supplied by Contractor under this Agreement shall be paid by the City as follows:

3.1. Total Obligation.

The City's total obligation to Contractor under this Agreement, including compensation for goods, services, and reimbursable expenses, shall not exceed a flat fee of \$20,040 for the two year term without the prior written approval of the City.

3.2. Frequency of Invoicing and Terms of Payment.

Contractor shall submit invoices upon completion of the work each month. The City shall pay such invoices consistent with Section 4.5.

4. General Terms and Conditions.

The terms and conditions contained in this Agreement shall govern and shall take precedence over any different or additional terms and conditions that Contractor may have included in any documents attached to or accompanying this Agreement. Any handwritten changes on the face of this document shall be ignored and have no legal effect unless initialed by both parties.

4.1. Choice of Law, Forum Selection, Entire Agreement, and Amendment.

This Agreement shall be construed under California law (without regard for choice-of-law considerations) and the policies and procedures of the City, as amended from time to time. Any action arising out of this Agreement shall be heard by a state court in California. For this purpose, Contractor specifically consents to jurisdiction in Amador County. This Agreement constitutes the entire agreement and understanding of the parties and replaces any prior or contemporaneous agreement, whether written or oral. The City shall not be bound by any amendment to this Agreement unless such amendment has been signed by the City's Director of Purchasing Services.

4.2. Warranty.

Contractor expressly warrants and guarantees that the services performed under this Agreement will be of the highest professional standards and quality. If this warranty is breached, Contractor agrees to correct all defects and nonconformities at Contractor's sole expense, to be liable for all direct damages suffered by the City and any other persons, and to defend, indemnify, and hold harmless the City and its regents, faculty members, students, employees, and agents from any claim asserted by any person resulting in whole or in part from such breach. The foregoing warranties and guarantees shall not be deemed waived by reason of the acceptance of the goods or services or payment by the City.

4.3. Assignment.

The Contractor may not assign any obligations of this Agreement without the prior written consent of the City. In the event of any assignment, Contractor shall remain responsible for its performance and that of any assignee under this Agreement. This Agreement shall be binding upon Contractor, and its successors and assigns, if any. Any assignment attempted to be made in violation of this Agreement shall be void. Notwithstanding any notice of assignment, City's tender of payment to the Contractor named herein, or to any person reasonably believed by City to be entitled to payment, shall satisfy City's obligation to pay, and in no event shall City be obligated to pay twice or be liable for any damages due to failure to pay the correct party.

4.4 Use of City Name or Logo.

Contractor agrees not to use the name, logo, or any other marks (including, but not limited to, colors and music) owned by or associated with the City or the name of any representative of the City in any sales promotion work or advertising, or any form of publicity, without the written permission of the City in each instance.

4.5. Terms of Payment.

Subject to the conditions below, payment shall be made by the City within 30 days upon Contractor's presentation of an invoice for services rendered pursuant to this Agreement. City may withhold payment in whole or in part for services found by the City to be defective, untimely, unsatisfactory, or otherwise not conforming to this Agreement, or not in accordance with all applicable federal, state, and local laws, ordinances, rules and regulations.

4.6. Termination.

The City may terminate this Agreement in whole or in part for Cause upon thirty (30) days written notice if Contractor fails to comply with any material term or condition of this Agreement, becomes insolvent or files for bankruptcy protection, or fails to comply in a material way with the requirements of this Agreement. Late delivery of services, or services that are defective or do not conform to the Agreement shall, without limitation, be causes allowing the City to terminate for cause.

4.7. Independent Contractor.

CONTRACTOR SHALL PERFORM ITS DUTIES HEREUNDER AS AN INDEPENDENT CONTRACTOR AND NOT AS AN EMPLOYEE OF THE CITY. NEITHER CONTRACTOR NOR ANY AGENT OR EMPLOYEE OF CONTRACTOR SHALL BE OR SHALL BE DEEMED TO BE AN AGENT OR EMPLOYEE OF THE CITY. CONTRACTOR SHALL PAY WHEN DUE ALL REQUIRED EMPLOYMENT TAXES AND INCOME TAX WITHHOLDING, INCLUDING ALL FEDERAL AND STATE INCOME TAX ON ANY MONIES PAID PURSUANT TO THIS AGREEMENT. CONTRACTOR ACKNOWLEDGES THAT CONTRACTOR AND ITS EMPLOYEES ARE NOT ENTITLED TO TAX WITHHOLDING, WORKER'S COMPENSATION, UNEMPLOYMENT COMPENSATION, OR ANY EMPLOYEE BENEFITS, STATUTORY OR OTHERWISE. CONTRACTOR SHALL HAVE NO AUTHORIZATION, EXPRESS OR IMPLIED, TO BIND THE CITY TO ANY AGREEMENTS, LIABILITY, OR UNDERSTANDING EXCEPT AS EXPRESSLY SET FORTH HEREIN. CONTRACTOR SHALL BE SOLELY RESPONSIBLE FOR THE ACTS OF CONTRACTOR, ITS EMPLOYEES, AND AGENTS.

4.8. Non-Waiver.

No waiver by any party of any default or nonperformance shall be deemed a waiver of any subsequent default or nonperformance.

4.9. Limitation on City Liability.

IN NO EVENT SHALL THE CITY BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, LOST PROFITS OR LIKE EXPECTANCY DAMAGES ARISING OUT OF THE AGREEMENT. THE CITY'S MAXIMUM OBLIGATION UNDER THIS AGREEMENT SHALL NOT EXCEED THE AMOUNT SET FORTH IN SECTION 3.1.

4.10. Insurance.

Unless more specific insurance provisions are attached, the following shall apply. At all times during its performance under this Agreement, Contractor shall obtain and keep in force comprehensive general and professional liability insurance, including coverage for death, bodily or personal injury, property damage, including liability and automobile coverages, with limits of not less than one million dollars per claim or occurrence. All such certificates evidencing such insurance shall name the Regents of the City as an additional insured. Contractor represents that it has worker's compensation insurance to the extent required by law and agrees to furnish proof of such insurance for worker's compensation and the liability insurance, upon request. Contractor shall provide all such certificates to the City prior to commencement of services or delivery of goods and shall reference the Contract for Professional Services Number listed on the front of this Agreement when providing such certificates.

4.11. Indemnification.

Contractor agrees to release, defend, indemnify, and hold harmless the City, its Councilmembers, employees and agents from all liability, injuries, claims, damages (including claims of bodily injury, property damage, or negligence), or loss, including costs, expenses, and attorney fees, which arise in connection with, in relation to, or as a result of Contractor's negligent acts or omissions or in connection with Contractor's breach of warranties under Section 4.2. The foregoing agreement to release, defend, indemnify and hold harmless shall not apply to the extent such liability, injuries, claims, damages, or loss was caused by the intentional or willful acts of the City.

4.12. Affirmative Action, Equal Employment Opportunity, and Targeted Group Business.

The City is committed to the policy that all persons shall have equal access to its programs, facilities, and employment without regard to race, color, creed, religion, sex, age, marital status, disability, public assistance status, veteran status, or sexual orientation and is committed to transacting business only with firms who follow these practices. Contractor must apply every good faith effort to ensure implementation of this policy in their practices of employment, upgrade, demotion or transfer, recruitment, or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Contractor will maintain non-segregated facilities for their employees and not allow their employees to perform services at any segregated facilities under its control. By accepting this Agreement, Contractor certifies that it complies with all applicable federal and state laws as well as City policies related to non-discrimination, equal employment opportunity, and affirmative action.

4.13. Compliance with Laws and Debarment.

Contractor certifies that all services furnished under this Agreement shall comply with all applicable federal, state, and local laws and regulations, as well as City policies and procedures, regardless of whether such laws and regulations are specifically set forth in this Agreement. Contractor represents that it is not currently debarred or suspended by any federal agency from doing business with the federal government. Contractor shall notify the City if it becomes debarred or suspended during the term of this Agreement. The City may immediately terminate this Agreement in the event of such termination or suspension and Contractor shall be responsible for any costs incurred by the City in connection therewith.

4.14. Notices/Administration.

Except as otherwise provided in this Agreement, all notices, requests and other communications that a party is required or elects to deliver shall be in writing and shall be delivered personally, or by facsimile or electronic mail (provided such delivery is confirmed), or by a recognized overnight courier service or by United States mail, first-class, certified or registered, postage prepaid, return receipt requested, to the other party at its address set forth below or to such other address as such party may designate by notice given pursuant to this section:
