

Concealed Weapons Permits

The Ione Police Department is dedicated to providing the residents of Ione with relevant and timely information regarding the services the department offers.

This site is designed to give general information as well as specific requirements regarding the application process for a carry concealed weapon (CCW) license from the Ione Police Department for those citizens who reside within the Police Department's jurisdiction.

Citizens residing in the unincorporated parts of Amador County or the cities of Jackson and Sutter Creek should first apply for their CCW permits through their respective

jurisdiction of residence.

The Ione Police Department does not recommend individual CCW instruction vendors. Each applicant is responsible for researching and evaluating prospective vendors to determine their suitability.

The Ione Police Department approved vendors list only consists of individuals and entities who have met the minimum statutory requirements for firearms training and agree to instruct the minimum concealed weapons course training content pursuant to Penal Code Section 26165. The Ione Police Department does not endorse the training styles, methodologies, facilities, or techniques used to meet the minimum course requirements by each vendor.

Vendor opinions, advice, statements, services, offers, or other information expressed are not those of the Ione Police Department but are those of the respective vendors.

Any compliments or complaints about the CCW vendor course curriculum, conduct, methodologies or other content should be directed to the Ione Police Department at 1 E Main Street, Ione, California, or 209-274-2456.

If you have any questions, contact our CCW Coordinator, Officer Damiano at [mdamiano \[at\] ione-ca.com](mailto:mdamiano@ione-ca.com).
