Message from Public Works

Winter Reminder—We have all most likely observed someone who decided to clear their yard by blowing leaves, grass clippings or other debris into the street, rather than bagging it and throwing it away in their green waste can. It is the property owner’s responsibility to dispose of their own yard waste, not the City’s.

Here are some reasons this is not the best practice for dealing with yard waste:

- The leaves can block storm drains. Try watching a storm drain inlet covered in leaves in a rain storm. It only takes a few leaves to back up the water into a large puddle. This creates nuisance flooding and can potentially cause an additional safety hazard. It can also lead to property damage.

- The leaves are a safety hazard for drivers and bicyclists.

Thank you for taking care of your yard waste the proper way, and keeping Ione clean and beautiful.

Rotary Annual Crab Feed – Feb 1st

All you can eat!

The Rotary Club of Ione will present their annual Crab Feed on February 1st at 6:00 PM. This popular event is held at Evalynn Bishop Hall in Ione and is always a sellout. The dinner features all you can eat crab, salad, garlic bread, pasta and dessert, and is served family style. The proceeds from this event are used to support local community projects, and donations to organizations and individuals.

Tickets for this event are available at the American River Bank in downtown Ione, or from any Rotarian. Cost is $45 pp. There will be a non-host bar, raffle, silent auction, and door prize. Students from the Amador High School “S” Club will be on hand to serve attendees. This group of young people assist with the dinner service and clean up. They serve throughout the county and earn funds to attend leadership seminars.

The Rotary Club of Ione meetings are held the first and third Thursday at noon at Burke’s Restaurant in downtown Ione. Visitors are always welcome to attend meetings and if interested, to join the club. Rotary is well known throughout the world for its motto of “Service Above Self.” The Ione Club has completed many local projects over the years through volunteer labor and funding. The Ione Library was completely rebuilt, Evalynn Bishop Hall renovated, Little League snack shack and restrooms built at Howard Park, and restoration of the lone Historic Train Depot to name a few. In addition, each year the Club funds four high school scholarships for graduating seniors, sends four junior high school students to leadership camp for a week, and five junior high students to a weekend leadership seminar, and supports a county youth speech and music contest.

The Club project for 2020 will be to install a new storage shed at the lone Elementary School for students and teachers. The Club will also move two existing units to an area that will be cleared and secured for storage units. This project will be funded by a matching grant from the Rotary District 5190, the Rotary of Ione Club, Cops & Kids Foundation, and the Amador County School District. All labor is volunteers from the Club and community. For more information on Rotary, go to rotary.org, or call Sharon Long at 209-304-5118, or Richard Forster at 209-608-4748.

Once Again – Stop for School Bus

This reminder ran in the October edition of this newsletter, but it is important to remind drivers of its importance. California law requires you stop at least 20 feet before reaching the school bus and remain stopped as long as the red lights on the bus are flashing. There is also a stop sign arm that extends out of the back of the bus. Drivers are still passing instead of stopping. You may be fined $1,000 and your driving privilege could be suspended for 1 year. There are many school buses traveling throughout the City of Ione, and it is important to be mindful of the safety of school children. Just because a school bus is pulled to the side of the road, does not mean you can pass. If the red light is flashing – STOP YOUR CAR!
