**SINGLE-FAMILY RESIDENTIAL**  
**SMOKE AND CARBON MONOXIDE ALARM**  
**DECLARATION & SELF-CERTIFICATION AFFIDAVIT**

---

California state law requires that when building permits are issued for residential additions, alterations, or repairs, and the value of the work exceeds \$1,000.00, listed smoke and carbon monoxide alarms with a minimum 10 year battery life must be installed in accordance with applicable building codes. Existing and fully operational alarms in compliance with current codes are acceptable.

- Smoke alarms shall be installed in each sleeping room, outside and in the immediate vicinity of sleeping rooms, and on each additional story of the dwelling, including basements and habitable attics. (2013 California Residential Code [CRC] R314, 2013 California Building Code [CBC] 420.5 and 907.2.11.2, and of the 2013, California Health & Safety Code 13113.7).
- For dwellings or sleeping units containing fuel burning appliances or with attached garages, carbon monoxide detectors shall be installed outside and in the immediate vicinity of sleeping rooms, and on each additional story of the dwelling, including basements, as required by the 2013 CRC Section R315.2 and CBC Section 420.6.
- Multipurpose (combination carbon monoxide and smoke) alarms may be used.
- All alarms shall comply with requirements for listing and approval by the Office of the State Fire Marshal. [http://osfm.fire.ca.gov/licensinglistings/licenselisting\\_bml\\_searchcotest.php](http://osfm.fire.ca.gov/licensinglistings/licenselisting_bml_searchcotest.php), and be installed in accordance with the manufacturer's written instructions.

These safety devices must be installed by the time a final inspection is requested for your project, and this completed, signed, and dated document must be returned to the City of Ione Building Department prior to final sign-off of all building permits requiring compliance.

**NOTES:** This Self-Certification Affidavit is only applicable when normal access to the interior of a single-family residential dwelling by a City of Ione Building Inspector is not required during the course of a permitted project, such as re-roofing, re-siding, patio covers, decks, and similar exterior projects.

*When the project involves the interior of a single-family residential dwelling, or a building other than a single-family residential dwelling, inspection of the smoke and carbon monoxide alarms by the City Building Inspector will be required prior to final approval of your project, and an adult must be present at the time of the inspection.*
